## Matthew Whitfield

Considered "one of Canada's most gifted musicians," Matthew Whitfield is an organist, conductor, composer, and writer who specializes in giving eclectic and exciting performances. Also a writer, Matthew is the Early Music & Pipe Organ columnist for WholeNote Magazine. Matthew received his musical training from York University, where he earned his BFA studying with Stephanie Martin, and the University of Toronto, where he received his MMus and worked with John Tuttle. While at the University of Toronto, Matthew performed in masterclasses with Canadian organists Ken Cowan and Isabelle Demers and won prizes in national and regional organ competitions. An advocate of contemporary and new music, Matthew frequently performs repertoire from the 20th and 21st centuries, including works by Schnittke, Ligeti, Cage, and Glass. Matthew gave the North American premiere of Ted Dawson's 'Six Preludes for Organ' in August 2015 and his recording of Dawson's 'Preludes' and John Cage's 'ASLSP2' was released in March 2016. He is currently preparing to record Ted Dawson's complete keyboard works - encompassing music for piano, organ, and harpsichord - in collaboration with the composer. As a conductor and harpsichordist, Matthew has performed numerous choral and vocal works, including the York University production of Purcell's 'Dido and Aeneas'. Having studied choral conducting with Lisette Canton and orchestral conducting with Mark Chambers, Matthew has a well-developed technique that he uses to explore works from the Baroque and Modern eras. Matthew is currently Organist & Director of Music at St. John the Baptist (Norway) Anglican Church in Toronto. ## MINUTE FOR MISSION

**JULY 15, 2018**

### **Hope under Occupation**

Our gifts for Mission & Service support Palestinians in Gaza. About 1,300 Christian Palestinians live in the Gaza Strip, enduring three wars in five years along with their Muslim neighbours. Israel controls the land, sea, and air around Gaza, with one crossing into Egypt through Rafah controlled by Egypt and monitored by the European Union in coordination with Israel. The Near East Council of Churches (NECC) works in Gaza with both communities, focusing on providing education and health care to a population under blockade.

In Gaza City, the NECC operates apprenticeship programs for young men and women to develop skills such as fashion design and aluminium engineering. Yet even these programs are adversely affected by the blockade. For example, not all the materials needed for aluminium housing are allowed into Gaza.

The NECC also operates three primary health care clinics in Gaza, serving over 150,000 people. The clinic in Shijaia (built with contributions from Canadian churches and CIDA, among others) was destroyed in 2008 during Israel's Operation Cast Lead and has since been rebuilt. At these clinics, patients receive primary health care, antenatal and postnatal care, malnutrition and anemia treatment, psychosocial support particularly for children, family planning services, and dermatological care. The latter was recently introduced due to the high prevalence of skin diseases as a result of the effects of war and the poor water quality in Gaza.

Through these programs, the NECC gives hope to a civilian population facing blockade, unemployment, poverty, and frequent wars.

If Mission & Service giving is already a regular part of your life, thank you so much! If you have not given, please join me in making Mission & Service giving a regular part of your life of faith. Loving our neighbour is at the heart of our Mission & Service.
