

Minutes for
Lighthouse UCW Meeting Oct 17,2022

BEING GRATEFUL FOR THE EARTH

Diane opened with a reading “The Preservation of the Earth.

She welcomed our guest, Amanda Saxton, who runs the terracycle program in Kincardine. This program uses green bins for specific recycling by certain brand companies who will take their product’s waste and make it into other useful items. There are bins at the Kincardine and Tiverton libraries and on Bruce Ave with the recycling bins.

Diane thanked Amanda. Amanda will send us specific information which can be used for the terracycle program. Diane read a poem “ Love Letter to the Earth”
