NEW BUSINESS

This meeting was called to discuss the following:

1. Assistance for Young Families

It has been identified that there is a need for young families in our community to find activities that will allow the children somewhere to play and parents a place to relax while they do that. M&M discussed setting up an account at Now Playing that could be accessed by young families.

The cost would be \$40 for one and a half hours of playtime for up to six people in the facility's play area and \$5 for each person above that. These would be private playtime for the family and would have to be reserved ahead of time.

Liz will let Jacquie Hillerby know that this has been set up and ask her to pass it on to parents she knows who could use this. Bailey (owner of Now Playing) can also let families in need know about this and we can also let people know.

MOTION: It was moved by Gord Dunbar and seconded by Liz Dillman that we set up an account at Now Playing for families who need some place for kids to play. The initial amount to be put into this account is \$520.00. Carried

The meeting was adjourned at 6:45 pm.
